

BENETTON SUPPLIER LIST 2016

The supplier list includes 1st tier suppliers and manufacturer subcontractors.

The list considers only active suppliers that are located in several countries all over the world and it does not consider the occasional¹ ones.

Due to the complexity of the supply chain management Benetton will update the supplier list once per year. During the year, in fact, new collaborations may start with others, as well as some phased out may occur.

The suppliers have been classified depending on the products they produce, that are APPAREL, ACCESSORIES and SHOES.
